Earthscapes is spread across two studios: Ahmedabad and Mumbai, each headed by a principal landscape architect cum director and working independently.

We have a staff of 12 in Ahmedabad and 5 in Mumbai with four full time ISOLA accredited landscape architects. Our offices are equipped with the latest computer systems having centralized cloud backup and genuine software.

Our projects range across Bihar, Gujarat, Karnataka, Maharashtra, Rajasthan and Telangana. We have organized workflow with inhouse facilities for drawing management, tender process and specification systems.
