Earthscapes is spread across two studios: Ahmedabad and Mumbai, each headed by a principal landscape architect cum director and working independently.

We have a staff of 12 in Ahmedabad and 5 in Mumbai with four full time ISOLA accredited landscape architects. Our offices are equipped with the latest computer systems having centralized cloud backup and genuine software.

Our projects range across Bihar, Gujarat, Karnataka, Maharashtra, Rajasthan and Telangana. We have organized workflow with inhouse facilities for drawing management, tender process and specification systems.

Private Residence

Project Details

Client
Private

Location
Surat, India

Area
2000 sqm

Date
2011

About:

The landscape of JM Residence takes inspiration from the sinuous curves in nature as a foundation for a house with strong geometry and wings for doors which open up to the sky. The landscape acts as a setting wherein the spaceship seems to have landed and provides spaces for family recreation as well as congregation.

Scope of work :

Earthscapes prepared the Concept Design, Schematic Design, Design Development, Tender drawings and Specifications along with periodic site visits during installation stages.
